

# Current Specials

## One only superceded model to clear.

Contour 1000 DC Meter:

The digital DC Meter provides voltage monitoring of up to three battery banks with custom selectable legends and high/low voltage alarms on all three banks. It also displays charge and discharge amps on the house bank only, the remaining capacity and low amp hour alarm. Supplied complete with 450A - 50mV external shunt. Suitable for use on battery banks from 60 to 3000 amp hour capacity, with 10-35VDC input. Contour 1000 frame provides for simple modular installation with other 1000 series panels.

The only difference is that the later model has a bigger screen.

**Just \$350.00 - Bargain**

## Kestrel 1000 wind meter

**A popular small wind meter for yachtsmen and land dwellers alike.**

**We have a couple of excess stock sitting here that are going out at \$110.00 - cheap. Postage to any destination in Australia is just \$11.00 – or you can pick up.**

# Ampair 300 – 24 volt

## Made in England

- **Marine Quality - Ampair 300**
- **Storm Proof - 24 volt turbine only.**
- **Land or Marine use.**
- **Made in England.**
- **This turbine has been hiding on a storeroom shelf for a while but has now seen the light of day again. While this baby has never been set up or used it is, technically, second hand due to its age but comes complete with 6 months warranty. However, these storm proof turbines rarely go wrong so this is an opportunity for someone to own one of these very robust turbines at an excellent price.**
- **Normally \$2300.00 this turbine is going out at just.**
  - **\$1200.00 - Bargain!**

- **A regulator is available if required at extra cost.**
- **\*Price cash or direct deposit + delivery at cost - or you can pick up.**
- **Call Marty 02-6679 1234**
- **Email: [martypwt@bigpond.com](mailto:martypwt@bigpond.com)**

## **Second Hand:**

Two Whisper 100 blades.

Length 1055mm.

These are a powerful blade from a 1000watt turbine and are in excellent condition.

Suit Whisper 100 owner or enthusiast building their own wind turbine.

**Gotta be worth \$100.00.**

## **Brand New.**

Set of three Whisper 100 blades.

Length 1055mm.

Suit Whisper 100 owner or enthusiast building their own wind turbine.

**New. \$200.00.**

**Take all five Whisper 100 blades for  
\$250.00 – Bargain.**

## **Brand New**

These are the old style Amair 300 blades. No longer used for the A300 they are now just cluttering up the place.

At 535mm long and just 190 grams each blade, they are strong and light. These are a powerful blade that would be perfect for a wind turbine builder enthusiast.

**A \$450.00 set of blades for \$100.00.**

## **Ampair 100 - Brand New but has been hiding on a shelf for a couple of years.**

One only Storm proof Ampair 100 - 24 volt - Turbine only.

Land or Marine use.

This turbine has never been set up or used so is technically second hand but is being sold with 9 months warranty. Like the A300 these Storm Proof turbines rarely have a problem so is an opportunity for someone to own one of these turbines at an excellent price.

Normally \$1325.00.

**\$700.00 - Bargain!**
